One of the key things in website promotion is getting the most from every visitor to your site. Which one of these do you think would be best for your site:

1 visitor = 1 visitor

1 visitor = 1.5 visitors + 4 banner impressions.

Doesn't sound like much at this level but you are going to generate 800 hits an hour to start with - that could be 1200 visitors and 1600 banner impressions. When you really get into this you may be generating 10,000 hits at a time or more and that would be 15,000 hits and 20,000 banner impressions, WITHOUT LIFTING A FINGER!

That sounds incredible, doesn't it? As you read those promises above, one half of you is excited -- wow, my Internet business can really see a big increase in profits with those numbers!

And the other half is skeptical -- can this really be done, or is it another "plan" that won't work for me?

The truth is, both halves of you have a right to feel what are feeling. The mere possibility of accomplishing those four objectives above is exhilarating. And the mere possibility of yet another dashed hope is equally a cause for skepticism.

But, let me assure you, this DOES work. If you put into practice the simple **Perpetual Traffic Generator™** system, you *really* can accomplish the objectives mentioned above.

The key phrase is, "if YOU put into practice." This system won't work by itself. It isn't a magic lamp that you can rub and make a wish. No genie is going to pop out on page 12 and do everything for you. It does require some work. And it requires following instructions exactly as are given.

-----Sidebar-----

After you read through these instructions, if you feel like you are too inexperienced to accomplish these tasks, then send any email to <mailto:support@superfastprofit.com> to receive information on how to have one of our programmers setup the entire system for you.

NOTE: You may also choose to SELL the course for \$49.95 without installing it for your own use.

The Perpetual Traffic Generator™

Now, if you're up to the challenge and have about an hour to invest (you can break it up 5 minutes here and 5 minutes there) then let's get down to business

Perpetual Traffic Generator™ combines two of the most powerful tools in web marketing into one easy system...

- **Viral Marketing.**
- **Reprint Rights.**

You'll see them.

Here's what happens. You take about an hour to set up your **Perpetual Traffic Generator™** and customize your copy by replacing the URLs with your own, (The source files are provided), you upload your customized copy to your server, set up the ready-to-go killer sales letter, and start driving hundreds and thousands people to your website, INSTANTLY, and completely hands-free!

These traffic hungry people arrive at YOUR **Perpetual Traffic Generator™** webpage like a tsunami. They read through the short, but absolutely mind-boggling sales letter and know that they just *must* get a copy of the manual itself.

Here's where things begin to get fun. They have two options awaiting them. They *must* get the manual, they are drooling at the mouth to see what this system is all about. And darn it, they sure do want those results!

They then buy the manual, (giving you a cool \$49.95 in the process) AND JOIN UNDER YOU AS YOUR DOWNLINE!

You WIN, then you WIN SOME MORE!!!

But, oooh, that's just the beginning and this will all unfold in the coming pages.

Now, let's be realistic, not EVERYONE will participate. There will be some who are just interested on reselling the product, and that's okay, cos you get compensated well in the process. But, an hour's work for a lifetime of hands free targeted traffic sounds like a good deal doesn't it, especially since it's completely automated? So, it would be safe to say, that people WILL recognize the potential traffic they lose if they don't set this up..

The Perpetual Traffic Generator™

Setting up the **Perpetual Traffic Generator™** is a fairly easy process, consisting of nine assignments, each taking approximately 10 minutes each. Yep, you can setup your entire system in about 2 hours...

...and then it takes on a life of its own and does the rest for you! No maintenance. Nothing more to do. Walk away and watch it go to work!

So, what are those eight steps? Here is a quick overview...

Step 1: Set up your Ebiz rotator. (5 minute assignment)

Step 2: Sign up for your Free mailer. (5 minute assignment)

Step 3: Sign up for your Start pages. (15 minute assignment)

Step 4: Sign up for Exit Exchange. (5-15 minute assignment)

Step 5: Sign up for Extra Hits. (5-15 minute assignment)

Step 6: Set up your Banner Exchange. (5 minute assignment)

Step 7: Set up your Start Page Rotator. (10 minute assignment)

Step 8: Personalize your copy of **Perpetual Traffic Generator™**, upload the sales letter, the personalized product and verify your system. (5 - 15 minute assignment)

Step 9: Jumpstart your promotion campaign and start driving traffic to your system.

I'm not going to waste a lot of time here -- we're just going to jump right in together and begin with Step 1...

Step #1

Your Ebiz Rotator: The 1 URL Solution

A **ROTATOR** promotes multiple URLs with only **ONE URL** so that instead of advertising multiple URLs, you only advertise **ONE URL** and the rotator cycles each program and gives it equal distribution. This is the bare minimum for effective and efficient traffic generation.

Let's get your eBiz Rotator ready to rock and rumble!

Sign up here: www.ebizrotator.com

The eBiz Rotator is available either as a FREE version or a PRO (paid) version.

The FREE eBiz Rotator allows you to rotate just FIVE URLs. If you already have other URLs to promote, then I recommend you go ahead and spend \$12 a month on the PRO version of eBiz Rotator.

It would be in your favor, to set all the links to promoting the **Perpetual Traffic Generator™**, or at least a minimum of 3 links. This is CRUCIAL to generating hands free traffic in the long run, because you want to build a huge downline for yourself to do GENERATE ALL THE TRAFFIC FOR YOU!

If you need to promote more than 15 URLs, there is a version that will promote up to 25 URLs.

With the PRO (paid) version, you can place FIFTEEN URLS in rotation. If you already have other business or affiliate sites that need to be promoted, just add them to your rotator.

Just remember, with a Rotator YOU ONLY HAVE TO PROMOTE ONE URL EVER!!

Step #2

Your Automated List Builder: The Gold Is In The List

In this second step we will build an **automated mailing list builder** for you. You will soon have hundreds, then thousands of YOUR OWN names to mail to, absolutely free, forever! Say goodbye to worries of SPAM or other complaints. You'll use it to advertise your business or your product anytime you want to. It's literally like signing your own paycheck. This mailing list will be invaluable. You can't rent or buy a list that will be more valuable than your own Opt In Goldmine.

This mailing list builder will just add names to your mailing list every day automatically. It will **grow absolutely passively** and you will be able to use it any time you want to tell people about your business opportunities or the products you want to sell.

It is a devious, absolutely FREE multi-level mailing list builder that really kicks some butt. ALL IT DOES is collect names for you 24 hours a day, 7 days a week, 365 days a year up to 7 MILLION names maximum.

How much is that worth to you? : -)

Check out these features:

- No need for special programs on your computer
- No need for a bulk mailer
- No need to maintain a database
- No need to manage 'subscribe' or 'unsubscribe' requests
- Completely Automatic!

How will you PROMOTE and BUILD your mailing list?

Your mailing list is an essential part of your **Perpetual Traffic Generator™**

The mailing list will grow as your downline in **Perpetual Traffic Generator™** grows.

Go to FreeMailer2000 and join the program then come back to continue. You must 'activate' your FreeMailer account for it to work - they will send you an email with a link to click on to activate your account - you cannot send weekly emails to your FreeMailer list until you do this.

Join Here:

FreeMailer2000 - Free Multi Level Mailing List Builder - 15 Levels Deep!

Note: - *They will send you a confirmation email - make sure you click on the link to activate your account otherwise you will not be able to email people or build a downline of people to email.*

This will be your own privately owned Opt-In Mailing list. You will be able to mail freely from their web-based e-mail interface every week without any fear of SPAM complaints! With everyone referring only 3 people on each level you could end up with an incredible **FREE 3x15 matrix** which will hold over **7 MILLION** names.

HERE'S A MORE POWERFUL ALTERNATIVE TO FREEMAILER

[How To Make Money While Getting Others To Build Your List For You](#)

If you would prefer to promote a mailing list builder that offers MLM commissions, you can choose Pro-List instead. It collects up to 29,523 names in a 3x9 forced matrix.

Pro-List is worth FAR MORE than the \$25 it costs for a lifetime entry. You can make several thousand dollars as your list fills up. You'll get \$5 for every personal sign up, plus \$1 each NINE LEVELS DEEP!

Pro-list is a state-of-the-art mailing list building machine, started by Jim Vigilante. Your matrix can hold over 29,000 subscribers, which you will be able to mail to freely, yet YOU will only receive 9 letters per week (one for each level in your upline).

In addition, **Pro-list lets you place up to THREE BANNERS on your website.** IF YOU DON'T HAVE A WEBSITE OF YOUR OWN to place banners on, this could be a valuable asset. You can upload banners from banner exchange programs that will send lots of hits to your **Perpetual Traffic Generator™**. (I'll explain more about that in the next step.)

Pro-list also allows you to join EZMONEY for FREE. (Non-ProList members have to pay \$12 to get on this list.)

Conclusion: if you want a mailing list that pays commissions as it grows, Pro-list is one of the best on the market.

ProList

In Summary:

At this point, you have set up your Ebiz ROTATOR which will allow you to *rotate* all the hits you are going to get to whatever programs you need to promote, as well as building your downline in all of the hit building programs.

We have also set up your MAILING LIST BUILDER. The objective is to obtain a minimum of 1,000 people on your mailing list.

(Your mailing list will be large enough at that point to continue to grow larger and larger with minimal promotion. Either one of the mailing list builders I have recommended will continue to fill out evenly as both your upline and downline add more and more sign-ups. After a year or two, you should have a number of THOUSANDS in your mailing list. It will be priceless!)

Now we need to sign up for all of the StartPage programs and Extra Hits programs which will be the CATALYST for **Perpetual Traffic Generator™**. All these hits will rotate sequentially between your promotional site and your business site(s). All your downlines will grow steadily from now on. On top of that, I'll get you some more hits for your rotator.

Guess What? It Gets EVEN BETTER!

Let me say something about accelerating your downline growth ...

Please understand that I am not guaranteeing that you are going to earn a large amount of money within the next few weeks. You aren't. This is NOT a 'get rich quick scheme'. It is also not a 'get 10,000 hits quick' scheme.

Nothing in this program is going to produce a lot of money within the next few days. It is going to take several months to see HUGE GROWTH. (Unless you decide to SPEND some money right now and BUY several thousand hits to your **Perpetual Traffic Generator™** And that is an option we will discuss much later.)

However, downline growth WILL HAPPEN as soon as the numbers get to a certain point.

The Perpetual Traffic Generator™

I am referring to **EXPONENTIAL GROWTH**. If you have \$30 in a savings account, it doesn't grow very fast, but if you have \$30,000, it can make you a nice sum. The same is true here. If you only get 30 hits a day, and only have 30 people on your mailing list, you aren't likely to make a lot of money.

But when you have 5-10,000 hits a day, and have 5-10,000 people on your mailing list, you probably will not need your job any longer.

With THIS SYSTEM, your ads are not going to stop at 5,000 hits per day. Your number of hits will increase every day for the rest of your life - 10,000, 50,000, 100,000, even a million - because all these online tools are going to keep working in your behalf, as long as you keep adding a small amount of **FUEL**.

Patience my friend, The best is yet to come!

Now we move on to the next step, and that is setting up all your startpage programs to feed hits to your EBiz Rotator....

Step #3

Startpage Magic: The Fuel For Your Perpetual Traffic Generator

The following eight traffic generators are the catalyst for your advertising machine - we will assign our Ebiz Rotator URL as the target page in each one:

StartBlaze	TrafficG	TrafficJumbo	HitHarvester
NoMoreHits	ClickSilo	HitPulse	EzyTraffic

These eight advertisers are "Start page" click exchanges. Conventionally, you must put their URL into your browser and make it your start (home) page. But the incredible proprietary in step #7 completely eliminates the need for this. : -)

Each time you open your browser, it will load either **StartBlaze**, **NoMoreHits**, **TrafficG**, **ClickSilo**, **TrafficJumbo**, **HitPulse**, **HitHarvester**, or **EzyTraffic**. You then let the script run on complete autopilot, and in exchange, visitors will be sent to your page (which will be your Ebiz Rotator page that features your **Perpetual Traffic Generator™** site).

This will provide your site with a steady, GROWING stream of hits for the rest of your life. A BIG PLUS for you. Before doing that, though, you should try your best to understand the purpose and advantages of signing up for these programs.

Is True Passive Traffic Generation Possible?

You can have ALL EIGHT of these programs sending a STEADY and GROWING stream of hits to your website every day for the rest of your life.

Program	Without a downline you can personally earn:	BUT...with a downline , your site will be displayed for:	Not to mention bonus hits:
StartBlaze	1 hit for 6 page views.	every 6 downline views.	1 for 6 hits ---- FOUR levels deep!
NoMoreHits!	1 hit for 2 page views.	every 10 downline views.	1 for 10 hits --- FIVE levels deep!
TrafficG	1 hit for 2 page views.	every 10 downline views.	1 for 10 hits --- FIVE levels deep!
ClickSilo	1 hit for 2 page views.	every 10 downline views.	1 for 10 hits --- SIX levels deep!
TrafficJumbo	1 hit for 2 page views.	every 4 downline views.	1 for 6 hits ---- ONE levels deep!
Hit Pulse	1 hit for 5 page views.	every 6 downline views.	1 for 20 hits --- FOUR levels deep!
Hitharvester	1 hit for 1 page views.	every 10 downline views.	1 for 10 hits --- ONE level deep!
EzyTraffic	1 hit for 1 page views.	every 10 downline views.	1 for 10 hits --- ONE level deep!

Now for some arithmetic...

If you get FIVE PEOPLE under each person in the downline, then here's how each program performs (based on each person viewing 60 sites.) This chart shows how many hits you can get with each downline every 2-3 days.

Keep in mind that your downline will **NEVER** stop growing, because of the way we automate the process. The subsequent steps in this plan will make downline recruitment **EFFORTLESS**. Within a few weeks or months, your website will be absolutely **FLOODED** with hits every day.

Okay, let's get started building your **Perpetual Traffic Generator™** !

First, sign up **FREE** in all eight of these programs. Be certain to **PUT YOUR EBIZ ROTATOR URL** as the target for each one.

Tip: Save the affiliate referral URLs from each program to a .txt file named **URLS.txt**, which you will need later as a reference in getting your **Perpetual Traffic Generator™** site. These URLs contain your referral ID names and numbers needed to set up your **Perpetual Traffic Generator™** site.

Step #4:

Exit Exchange: The Cybernetic Traffic Loop

Exit Exchange is simply incredible - all it needs is your specific id code to start generating hits for your Rotator. Then, every time someone visits your **Perpetual Traffic Generator™** site and then EXITS your **Perpetual Traffic Generator™** website, another website will appear on their screen.

What do you get in return? Every two times that happens, YOU earn a hit to your Rotator. That means EVERY TIME YOU GET TWO HITS, you earn ANOTHER HIT!

Is this a self feeding perpetual motion machine or WHAT?

Whenever Exit Exchange sees that they have displayed 2 exit ads from YOUR site, they will GIVE YOU an ad somewhere on the net. This can earn you DOZENS of free page views every single day without any effort on your part. Frankly, I don't know of any advertising anywhere that is easier to get. Within a year, that is several thousand page views.

Herein lies the real advantage. EXIT EXCHANGE has a referral program as well. For every referral you send to EXIT EXCHANGE, you will earn up to 20% of all the hits THEY earn! That can add up to hundreds or even thousands of extra free hits every single day.

People You Have Referred	Percentage of Referral Traffic You Receive
Up to 10	8.0%
11-20	12.0%
21-30	16.0%
Over 30	20.0%

Bottom line? You really should sign up for EXIT EXCHANGE! It is totally free, and totally effortless. And it only takes a few minutes to set it up.

Step #5

Extra Hits Programs-Adding Fire To Fuel

Listed on this page are some extra hit exchange programs. You should join these as well as the 8 main ones listed in lesson 3. When you build up a decent downline of referrals in each of them that is yet another pool of extra hits for life!

Of course, there are many other exchanges out there now, and I have tried most of them - some are too slow, some break down often, some give inaccurate stats and some never, ever respond to support requests! The ones below I use daily with great success and am more than happy to recommend.

Step #6

Getting Tons Of Exposure: The MLM Way

Next, you are going to sign up with 2 banner exchanges (you could add more but that would slow your page down and defeat the purpose) that will let you upgrade to 1:1 ratio (this is important - it double your number of banner impressions).

Set up BannersGoMLM.

This will send perpetual hits to your [EBiz Rotator](#)

You won't have to send emails forever, or spend the rest of your life beating around the bush for prospects. Products like BannersGoMLM and the other products on this page help send an automatic and PERPETUAL STREAM of hits and prospects to your advertising machine and into your business.

BannersGoMLM is going to automatically send hits to your [EBiz Rotator](#) .

In addition, BannersGoMLM will automatically build your downline

And, you will earn 10% of your downline's hits!

This is another FREE, PASSIVE advertiser for you. This program will display your banner for every hit they get off your website. It's child's play, there's almost nothing to explain.

Show their banner. They show yours. (They have a [banner creator](#) if you don't have one.)

BUT MUCH MORE!! They allow multi-level referrals which can grow exponentially. How do you get referrals? **They promote themselves through your banner.** So you don't just get hits! **THEY BUILD YOUR DOWNLINE FOR YOU!**

A downline that is 4x5 (each gets 4) will produce 136,400 banner displays per month for you.

A downline that is 5x5 (each gets 5) will produce 390,500 banner displays per month for you.

The Perpetual Traffic Generator™

You can bet your beezers that nobody runs a Banner Exchange like BANNERS GO MLM! It will be one of the most rewarding passive ad programs you can possibly join.

You'll get 1 ad for 1 ad, and 10% of the ads earned by your entire downline FIVE levels deep. Remember too, that your BannersGoMLM ad is working month after month, year after year, so your downline can grow into hundreds of thousands!

In fact, some people within your downline may have HUGE websites that send you hundreds or even thousands of hits. (Talk about hands free traffic!)

BANNERS GO MLM can easily send a few thousand hits to your website every month. You shouldn't pass up this program. It doesn't cost a penny, and in fact, there is a \$15 sign-up bonus when you join.

Step #7

The Amazing Auto Start Page Rotator: How To Get Traffic Completely Hands Free!

This is the incredible script that I spent thousands developing so that the Internet Marketer could devote his time to more profitable ventures as opposed to clicking away mindlessly for hours at the computer to get free traffic.

This is THE solution that is completely free of technical problems and messy installations, and so simple that even a monkey can do it.

The following script has up to 44 start pages. Place your startpage and Extra Hits links between the parentheses “ “. I have placed the links for the first 3 startpages as an example. Once that is done, you can either highlight the following from <html> to </html> and paste it into a text editor such as notepad or wordpad and save as text. When the save window opens, change the .txt to .html and you have your start page rotator web page.

Remember to include the .html extension when saving the file.

Your page should be something like myrotator.html

Save this HTML file on your desktop.

All you have to do is launch this page while you are connected, and you're all set.

Absolutely no need for painful server installations and uploading of any sorts!

Now all your start pages should be rotating and you should be racking up thousands of page views to your site.

These are actual people that will view you web site for 20 to 40 seconds at a time. How many products and services you sell will depend greatly on the content of your web site. If you have a killer sales letter, at the beginning of your site, **you can potentially be making lots of sales in an hour!**

But then again, if you can't sustain the interest of the people visiting your site, they'll just surf on to another site.

Walk away, and do your important stuff while the traffic is sent to your website, effortlessly.

I highly recommend popup killer. If you can handle the little inconvenience of holding down both the shift and control keys when you connect to the web this is the popup killer to use. You will also have to hold down the shift and control keys for some; not all links that come in your e-mail, but its worth it. Just scroll to bottom of page to download.

http://www.panicware.com/product_dpps.html?source=overture

Or if you would like to search and compare... use the keyword 'popup killers'

Below is the html code to set up your auto start page rotator.

IMPORTANT NOTE:

This part of the script: [setInterval("next_page();",45000);] equals 45 seconds. For longer or lesser periods of time, just change the 45 to the amount of seconds you would like the page to remain before the script rotates to the next page.

Step #8

Putting It All Together

This is in essence, the most crucial part to success, so make sure you **DO NOT SKIP THIS PART!**

- a) Start to replace all the referral links with your own, using the provided source files. To make sure you do not type in the wrong URL, it would be advisable to cut and paste from the URLS.txt file. (Refer to Step #3 for further details).

- b) Once you have done that, you'd need to compile your files into an ebook format. .EXE is not exactly the best way to go because Mac users will be left out. The best format in my opinion, is the PDF format. It's not only cross platform, but it's also a complete no brainer to use. Just click print. I highly recommend using [Instant PDF Generator](#) because it does the job at a fraction of the price of Adobe Acrobat.

- c) Next, all you have to do is to use a third party credit card processor that also allows you to deliver your product digitally. My personal recommendation would be [ClickBank](#), which is in my opinion, one of the best third party credit card processors

- d) Upload the sales letter, and get your domain, and you're all set! One of the best hosting and domain packages can be found over at [Host4profit](#)

You're now ALL SET to send a Tsunami of traffic to feed the machine!

Step #9

How To Create An Instant Surge In Traffic and Get Your Traffic Levels To STAY Elevated!

Jumpstart Your Perpetual Traffic Generator By Submitting It to Over 600,000 Search Engines, Link Lists, Directories, and Free Classified Sites!

If you're not getting the traffic you need to your website, then you're not making all of the money you could (and should) be making on the Internet.

Unfortunately, many people believe that "if you build it, they will come".

Well, that may have worked for Kevin Costner in *Field of Dreams* - but that's simply not the case online.

With millions upon millions of websites and web pages, its easy for your website to get lost in the crowd.

You must actively promote your website, to the largest number of people, in order to drive traffic... prospects... and ultimately BUYERS to your website.

You see, the formula for online success can be incredibly simple:

No Visitors = No Sales

So what's the answer?

You MUST promote your website - and drive traffic to it on a daily basis.

Unfortunately, you can easily spend thousands of dollars trying to drive visitors to you website.

For example, a 2-week ad on Yahoo.com can easily run you over \$75,000.00!

Ouch! And that's just ONE ad on just ONE website.

Fortunately, there is a solution:

**We Can Promote Your Website on Over 600,000 Websites - for Less than
54¢ a Day!**

10,000 Visitors in 30 Days - Guaranteed!

Let us submit your website to over 600,000 search engines, link lists, directories, and free classified ad sites - and I'll guarantee you'll get over 10,000 visitors!

That's right!

I guarantee that, in the first 30 days after we submit your website to our list of promotional sites, you'll get at least 10,000 new visitors - with more coming in every day!

Of course, you may get more than 10,000 visitors. In fact, you may get many, many more.

But I guarantee that you will get at least 10,000 new visitors!

Imagine for while, the TIDAL WAVE OF TRAFFIC that will swamp your website if just a pathetic 100 people out of that 10, 000 form your downline.

Uh huh.... You got that right!!!

IT IS ABSOLUTELY FRIGGIN INCREDIBLE!!!!!!!!!!

You see, our company has investigated hundreds of companies, services, and offers - all promising to drive visitors to your website.

While many of them offer valuable website services that can help you build your website traffic, almost all of them charge thousands of dollars. Some charge much, much more.

Recently, though, we stumbled onto one little-known company that offers an incredible service for a virtually unheard of price.

Here's the deal:
