*The Ultimate Collection Of Free Ebooks
You Can Also **Brand!***

By John Delavera

My heartfelt gratitude to:

- **God:** Life is a meaningful gift; it's a "game" full of dilemmas and crossroads. Be a nice person and HE will show you the way to happiness and prosperity. It's just that simple...
- **My wife:** Too many nights spent for this ebook. If I didn't have *her* support you wouldn't be reading these lines now.
- **My parents:** For everything they've done for me. They bought me the first PC back in 1983. 20 years have passed and I am still "playing with the computers!" *Hi Dad:-)*
- **Michael Wagner**, the creator of the incredible software [ViralPDF](#).
- **Allen Says:** He is the father of all [Warriors](#) and also my virtual mentor. I learnt the very basic lesson from him: How To Sell On The Net. *Hint: K.I.S.S. (Keep It Simple Stupid)*
- **Jimmy D. Brown:** Almost anything Jimmy creates can give profit to you too. After [Warriors](#), Jimmy's [ProfitsVaultMonthly.com](#) was my starting point for the resources I needed to re-sell.
- **BenJamin Prater** - the creator of the [Software Secrets Exposed](#) ebook. Ben taught me how to create software packages without the need to write a single line of a code - *I can read the code though!*
- **Neil Morgan** - the owner and developer of the best autoresponder script that exists today on the Net: [Autoreponse Plus](#). I cannot imagine how marketing would be without the features this script provides. I also thank Neil because he is so kind to give me the answers I want for my heavy use of his script.

- [GroundBreak.com](#) - their scripts are the best for maintaining a membership site, for running an affiliate system and much more. I especially thank **Steve** - the owner - for his continuing support.
- [Nicolaas D. Theron](#) - the artist behind Best-Free-Ebook.com's graphics.
- **Armand Morin** - the genius creator of many incredible [software inventions](#).
- **Terry Dean**: For his personal support inside his site [NetBreakThroughs](#) and for all the new resources I learnt there; that saved me time and money.
- [Host4Profit.com](#) for the BEST hosting service they offer; I'd also like to thank personally **David Hasbrouck** and **David Grimes**. *They are always online when I need them and they answer all my silly questions a.s.a.p..*
- [ClickBank](#)[™] for their exceptional and professional way to handle my customers.
- All friends around the globe for their support and good words for my creations with many compliments to **Sherry Gordon** (I am proud to be included into her ebook: "[120 Viral Marketing Strategies to Make Your Business Thrive](#)".)
- **My English language teachers** - *This is revenge*: Blame them for all the mistakes and typos you'll find in this ebook. *I've paid them a fortune and I can convince nobody when saying, "I am an English writer..."*
- **The Sponsor of this ebook** for the money spent to customize it.
- **YOU** - my precious reader: MANY-MANY-THANKS for your support!

Sorry for the long list but saying "Thank You!" is a good way to calm your soul.
