

## MASTER RESELL RIGHTS

Your purchase of CBAdsGenie entitles you the master resell rights for the script. This means that you may resell the script and keep 100% of the money you make from reselling it.

However, there are certain conditions:

- You cannot give this script away for **FREE**.
- You can include this script with any of your packages, provided your package sells for a price above \$47.
- You can provide this script as a bonus for your main product provided your product sells for a price above \$47.
- When selling to your customers, please provide them the **cbadsgenie.zip** file intact.

Also, I request you not to sell this script for a price lesser than \$19.97 to keep the market value of the package profitable for all of us so we all can profit from reselling it.
